

## **JUNIOR CHEMIST**

Banner Quality Management Inc. (BQMI) is searching for a Junior Chemist to support the NASA's Mechanical Integration Services and Technologies (MIST) II contract at NASA's Goddard Space Flight Center in Greenbelt, Maryland. A Junior Chemist in the Materials Engineering Branch (MEB) is responsible for providing laboratory testing and analysis support to multiple flight projects. The candidate will coordinate activities with other engineers in the branch as well as work independently on assignments.

BQMI is a small woman own business with headquarters in Friendswood, Texas. Our core values of Inspiration, Innovation, Excellence, Integrity and Trust assist us in aligning our tactical goals and objectives with our corporate strategy. We continue to surround ourselves with a network of people that also believe in these values and have the knowledge, experience, and ethics to push us to be the best possible team for our customers. Join our team of employees that are located all over the United States working on NASA and Department of Defense contracts.

### **Essential Duties & Responsibilities:**

- Perform laboratory testing, synthesize data, and perform data analysis.
- Prepare reports or memoranda addressing objectives, techniques, results, conclusions and recommendations.
- Adhere to any laboratory protocols and safety requirements established for laboratories they are assigned to work in.
- Remain knowledgeable on current technologies with respect to the analytical and testing instrumentation they are assigned.

### **Essential Skills:**

- Basic knowledge of standard test methods, data analysis, and operation of analytical instruments.
- Ideally, the candidate would also have a basic knowledge of analytical techniques including Fourier transform infrared spectroscopy and gas chromatography/mass spectrometry.

### **Experience/Education:**

- The candidate should have at least a B.S. in Chemistry, Biochemistry, or related field.
- 0-2 years of work experience in a laboratory environment

### **Personality or self-management skills:**

- Ability to interface with high-level customers in a respectful and professional manner.
- Detail-oriented with the ability to follow specific direction.
- Ability to manage multiple projects at once.
- Willingness to learn new tools, technologies and systems.
- Self-motivated, self-starter
- Collaborative
- Strong analytical, planning, organizational and time management skills
